No Single Supplements Limited Time Offer!

With a small-ship capacity of only 32-40 passengers on each sailing, as a solo traveller, you can easily mingle with and get to know other guests on board our ships at meals and on our active biking, hiking, fishing, swimming, and kayaking excursions.

You can also take maximum advantage of on board amenities including our relaxing spa treatments, cooking classes, evening entertainment programs and our always lively bar scene.

One of the advantages of being a boutique river cruise line with smaller (although spacious) luxury cruise ships is that we can afford to bring to you increased value on our Amazon and Mekong River cruises.

We're waiving the single supplement to all solo guests travelling on board our Aqua Mekong and Aria Amazon cruises on select 2018 departures:

Aria Amazon Cruises

3 nights 12 Oct; 2, 9, 6 Nov 2018 Iquitos, Peru

3, 4 and 7 nights All departures from 4 Jan - 29 Mar 2019

Aria Mekong Cruises

3 nights 13 Nov 2018 Phnom Penh - Siem Reap

4 nights 30 Nov 2018 Siem Reap - Phnom Penh

3, 4 and 7 nights All departures from 1 Jan - 29 Mar 2019

Many of our solo guests incorporate one of our cruises into a longer travel itinerary where they also visit the temples of Angkor Wat in Cambodia, a visit to Phnom Penh or Ho Chi Minh City (Aqua Mekong cruises) or a trip to Machu Picchu or Lima (Aria Amazon cruises). We are happy to help all solo travelers discover the best of our destinations and give them our insider's knowledge about where to go, what to see and where to stay. Whatever your passion, if you yearn to travel the world independently, an Aqua Expeditions cruise is a wonderful way to add a luxurious and relaxing segment to your active adventure abroad.
